Requesting permit for 10'x20' shed that will provide much needed storage & additional workspace due to the pandemic. The shed will be constructed of natural materials, and will match the color scheme of the house, light blue siding, almond trim & a blue roof. Additionally, I am requesting a permit for installing a privacy fence, that will be constructed of natural materials. The fence will be installed from existing front fence to the back retaining wall, see survey picture. The fence will be 4' tall. I am requesting a privacy fence, as my 10 year old Jack Russell, who has health problems, is not able to see the wire mesh on existing rail fence. She has run into the wire and injured herself multiple times.
