## Architectural Change Application for Tree Removal

### Short Form Application

Name:

Address: Number:  Street:

Phone:

Email:

I want to remove  trees.

On a lot survey mark location of ALL trees noting the ones you wish to remove and why. Also, lightly shade all areas of property left 'undisturbed' to show compliance with our 20% undisturbed natural vegetation per Article V, Section 1. (p) of the C & R's.

Using your digital camera, take a full size picture of your marked up lot survey and load it to your computer.

Select your lot survey picture to send (jpg/gif)(5MB max size) :  No file chosen

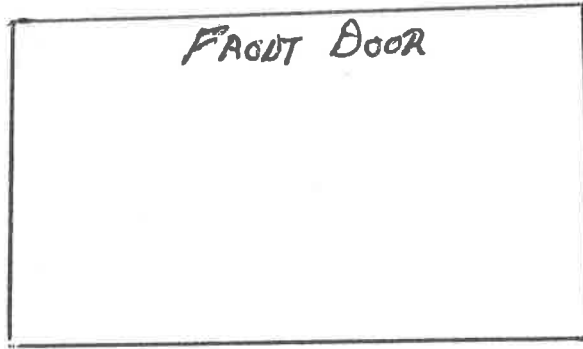

### Comments:

Mr. Ed Salter and I have had conversation about the removal of Pine trees from my property. These trees were removed because they were compromising the safety of my family, home and any passersby. They were damaged heavily from the recent storms we experienced. One tree was uprooted and leaning heavily on another. Two other trees were split and massive limbs were falling like leaves. My wife and I slept in the basement for two nights for fear of a tree falling on our home. We are working with a local landscaper on the areas that were affected. He suggested Spruce or Norway Pine as a replacement. I could not get the web page for the Application for Change or Alteration to print, so I completed this application for your review.

*Thank You,  
Joe Planamente*
