**Customer Information** 

The description below is for new roofing material. Tarps will be placed on the grounds and hanging from the home to ensure debris does not damage the home and can be hauled away easily. The existing materials will be removed down to the roofs decking. Any portions of the decking that is compromised, to the point that the roofing material cannot be installed properly, said decking will be replaced. The replacement roofing system will consist of Deck Defense underlayment, ice and water shield, drip edge (white), horizontal flashing (black), ridge vent, and asphalt shingles. Manufacturer is Owens Corning, shingles are architectural, Duration, in the color Pacific Wave.

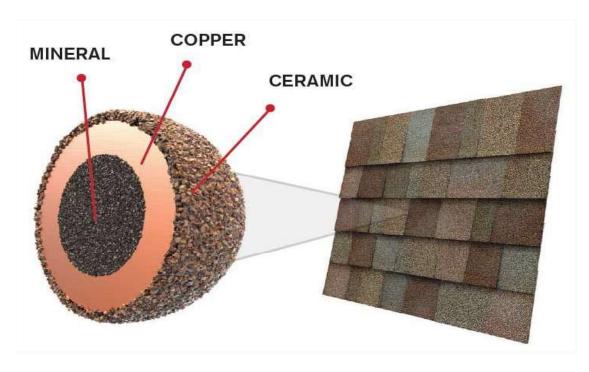

#### **TECHNICAL SPECIFICATIONS**

#### SureNail® Technology

- There's a line between a good shingle and a great shingle.
- It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having SureNail® Technology. With SureNail® Technology, strength and durability are built into every Duration® Series shingle, thanks to the unique fabric strip in the nailing area. This unique shingle design provides outstanding gripping power.
- SureNail® Detail
  - **Patented SureNail® Technology** Only from Owens Corning and featured on our Duration® Series shingles.
  - **Breakthrough Design** The tough-engineered woven-fabric nailing strip is embedded in the shingle to create a strong, durable fastener zone.
  - **Triple Layer Protection**®+ A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.
  - **Outstanding Grip** The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond® sealant.
  - **Exceptional Wind Resistance** The SureNail® grip helps deliver 130-MPH wind warranty\* performance with fewer nails than required by most competitors.

#### StreakGuard<sup>TM</sup>AlgaeResistancProtectione

Owens Corning blends copper-lined granules into our colorful granules, which help resist algae growth.

- Ditch the streaks protect your home's curb appeal
- Algae species are naturally occurring and transported through the air to attach themselves to shingles and other surfaces. While algae growth can cause brown or black streaks on roofs, it does not impact the performance of your shingles. Streaks caused by algae growth are more common in warm, humid climates but can occur in all regions of the country. Owens Corning has continued to advance our algae resistance protection based on over 30 years of testing and experience. Shingles with StreakGuard<sup>™</sup> Algae Resistance Protection can help inhibit the growth of blue-green algae\*.
- Owens Corning Shingles with StreakGuard<sup>™</sup> Algae Resistant Protection:
  - Are supported by the #1 Trusted Brand in Roofing;
  - Helps inhibit the growth of algae\* to keep your home beautiful
  - Gives homeowner peace-of-mind based on decades of Owens Corning testing and experience with algae resistance protection
  - Is available on a wide variety of shingle styles and colors— ask your contractor for specifics
  - Has a limited 10-year warranty\*
- \*See actual warranty for details, limitations and requirements

#### Wind Resistance

• Significant wind can cause shingles to blow off the roof deck. Missing shingles can lead to leaks and other interior damage. The quality and performance of the sealant on a shingle helps plays an important part in wind resistance performance. Owens Corning certifies our shingles to industry recognized wind resistance standards through independent third-party testing laboratories. To see the wind resistance warranty on this

product, refer to the TECHNICAL SPECIFICATIONS tab.

#### **TruDefinition®** Color Platform

• TruDefinition® is our color design platform trademark on shingles that are specially formulated to capture the bright, vibrant hues and dramatic shades that showcase the aesthetic appeal of your home. Shingles feature multiple-granule colors and shadowing to provide an extraordinary look that will enhance your home and complement its natural surroundings.
