

1	Fox Hollow Road	2021-05-18	<p><a href="#">See Supplied Lot Survey with marked trees</a></p> <p>I am requesting removal of 7 trees. The areas marked with lines are the 20% undisturbed (Area 1 and area 2) Within Area 1 we would like to remove several (5-6) dead oak trees. The pines will remain to maintain the undisturbed area The X is the front marks a dead tree to be removed (on the corner of our property and 3 Fox Hollow) The X in area 1 marks 1 tree that we would like to remove to clear some space in the side yard - all other trees/shrubs in this area will remain</p> <p>Chairperson Comments: All dead trees are approved. Tree number 8 (live, 2 trunk tree in the rear of the property is approved contingent upon the following: plant 2 trees that are at least 6-8 ft tall. The trees need to be indigenous to the neighborhood and may include include oak, maple, pine and birch. The trees needs to be maintained for 5 years after it they are planted and need to be replanted within 30 days of removal. All stumps on the property should be removed. All lots shall have at least 20% undisturbed natural vegetation. All lots shall not have more than 24% grass lawns.</p>	Approved PERMIT#1999
---	-----------------	------------	--	----------------------

Tree number 8 (live, 2 trunk tree in the rear of the property) was NOT REMOVED because we did not want to plant 2 additional trees as permit #1999 approval required.
