

17 Westbrooke Ct, Voorhees 08043

**New roof application due to on-going leaking around skylights
came with the house (backside of house – see following reference pic)**

Upon assessments by 3 separate roofers, there is no guarantee for spot-repairs of this type due to the slope of the roof and the age of the shingles that could result in further damages upon any additional handling during the repair attempt. The current leaking areas show signs of previous failed attempt(s). None of the roofers would perform the subject spot-repairs.

**Reference “Pacific Wave” blue-tone shingles by Owens Corning:
SUBMIT FOR APPROVAL**

**Reference gray tone exterior paint:
HOA APPROVED - *Work to be performed***
